Dear Col. Peak:

Reference is made to your request of March 7, 1951 to the Director of Central Intelligence concerning the current status of the request in JKN-119.

Pursuant to an agreement reached between the Central Intelligence Agency and the Department of State in which primary interest in Psychological Intelligence has been turned over to the Department of State, we prepared OIA Report No. CS 5.5 entitled Estimate of Psychological Warfare Vulnerabilities in Certain Countries.

In order to close the books on JKN requests to CIA for this study, four copies of this report were sent on March 27, 1951 to CIA for transmission to you.

Sincerely yours,
